

## Creating a Movie With Make-a-Movie

1) **Log in** with your **My BrainPOP account** and visit any topic page. Click the **MAKE-A-MOVIE** button.

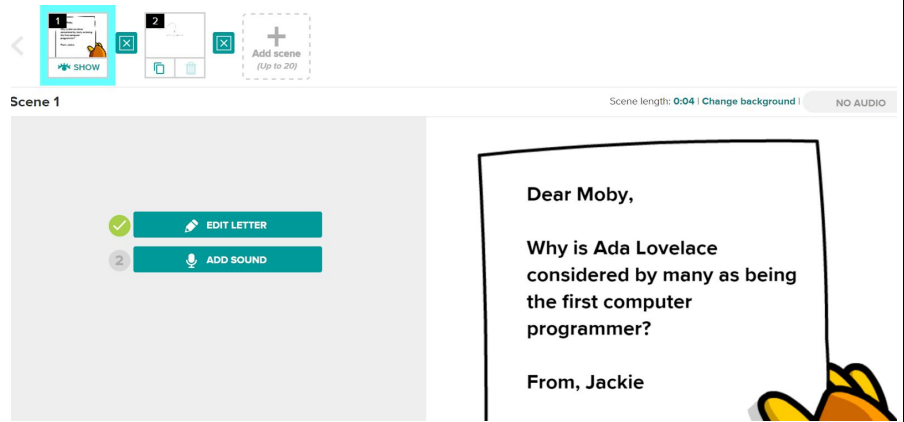

2) **MAKE-A-MOVIE** invites students and teachers to create their own BrainPOP-style movie.

Start with a letter just like a real BrainPOP movie! Click **ANSWER A LETTER** to choose a BrainPOP letter or **WRITE NEW** to write your own.

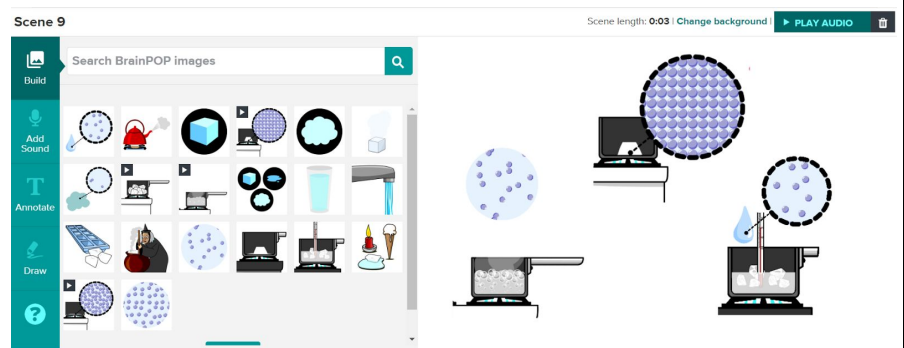

3) To **EDIT** your letter at any time, click Scene 1 in the timeline at the top of the screen.

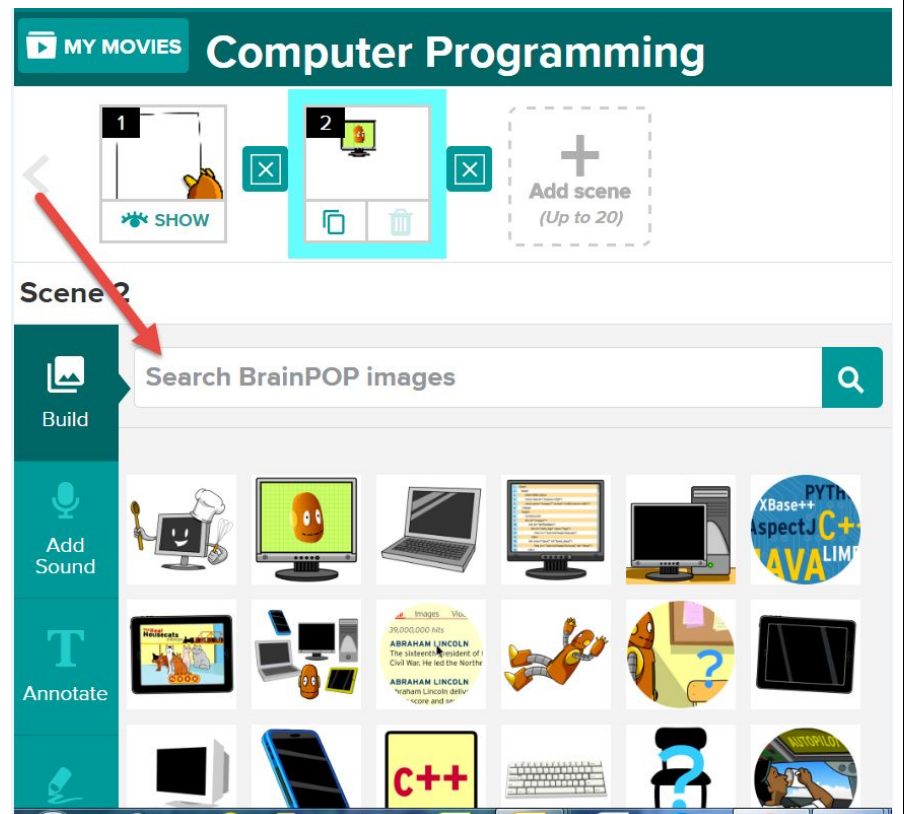

You can choose to **SHOW** or **HIDE** your letter by clicking the open or shut eye.

4) **BUILD** a movie by dragging and dropping topic-related images and small animated loops into a scene.

5) Use the **SEARCH BAR** to search the BrainPOP image library for more images and animations.

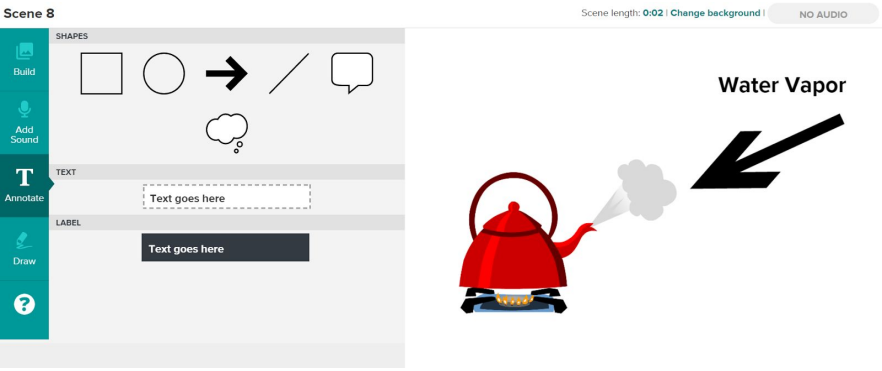

6) Select an image to **EDIT** its position, scale, or to delete.

Click the pencil icon to layer an image in front or behind another image.

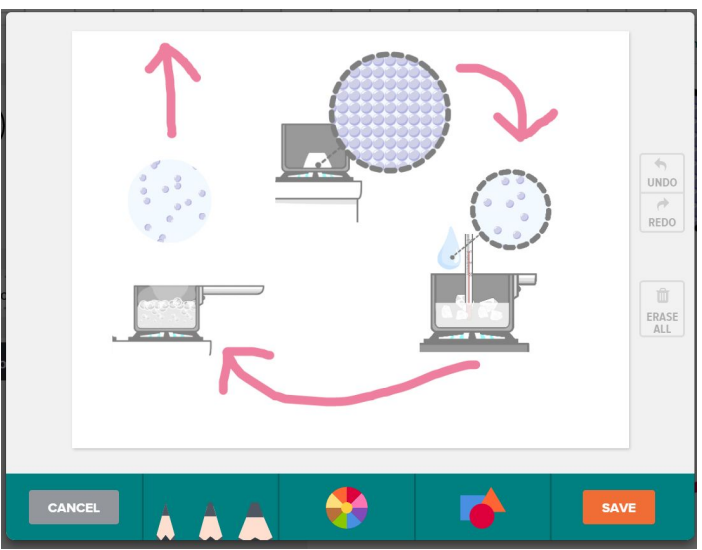

7) **ANNOTATE** your scene with text, labels, and shapes to help explain and highlight ideas.

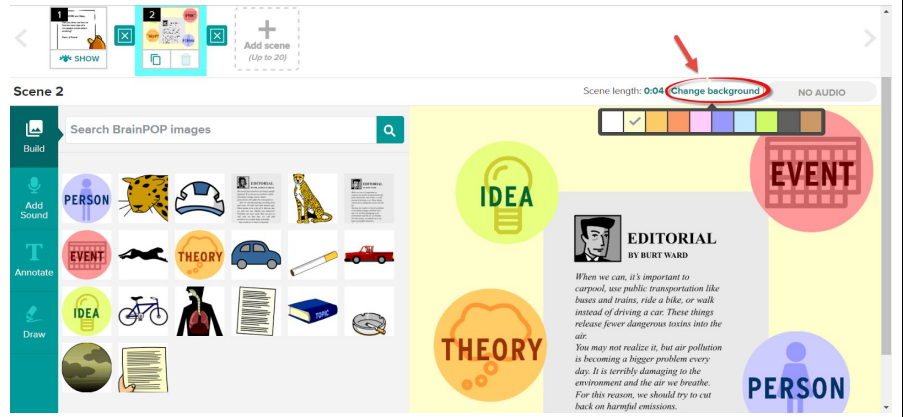

8) **DRAW** pictures in your scene using different pencils and colors. Add shapes, too.

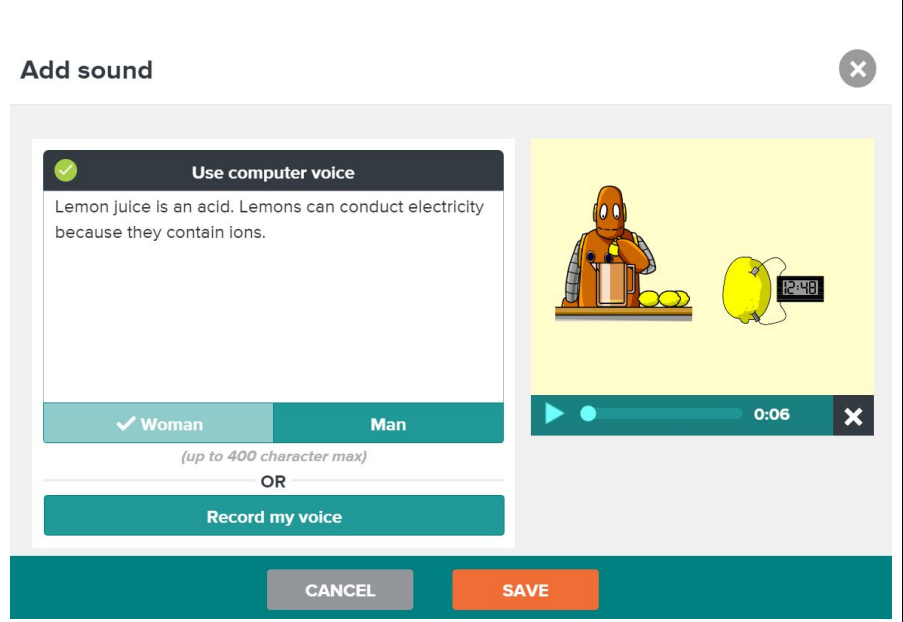

Click **UNDO** if you make a mistake.  
Click **REDO** if you delete by mistake.  
**ERASE ALL** to start again.

9) Change **BACKGROUND** color in each scene.

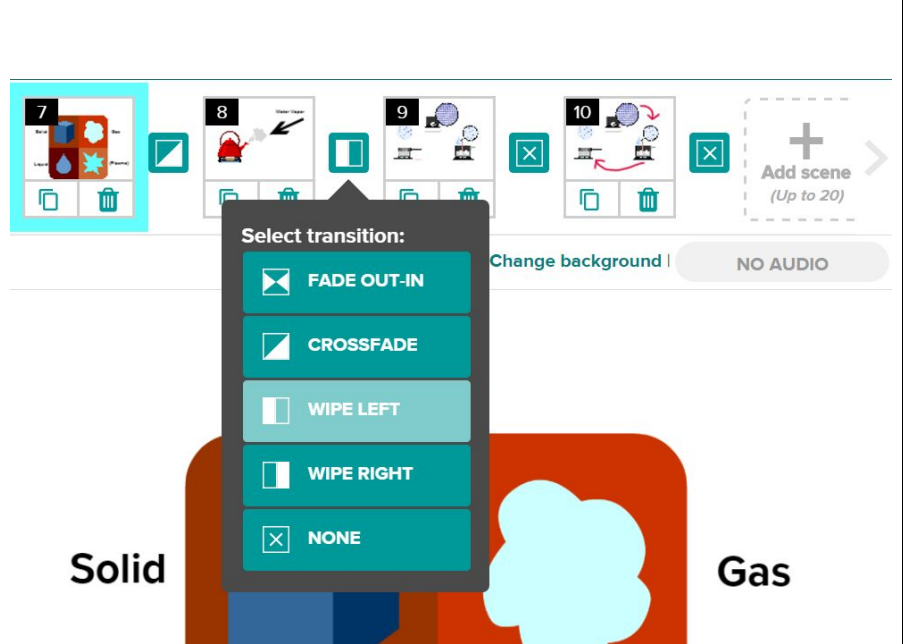

10) Click **ADD SOUND** to narrate your movie. Record your voice or choose a text-to-speech computerized voice.

11) Add, delete, copy, and shuffle scenes using the **TIMELINE** at the top of the screen. You can add up to 20 scenes!

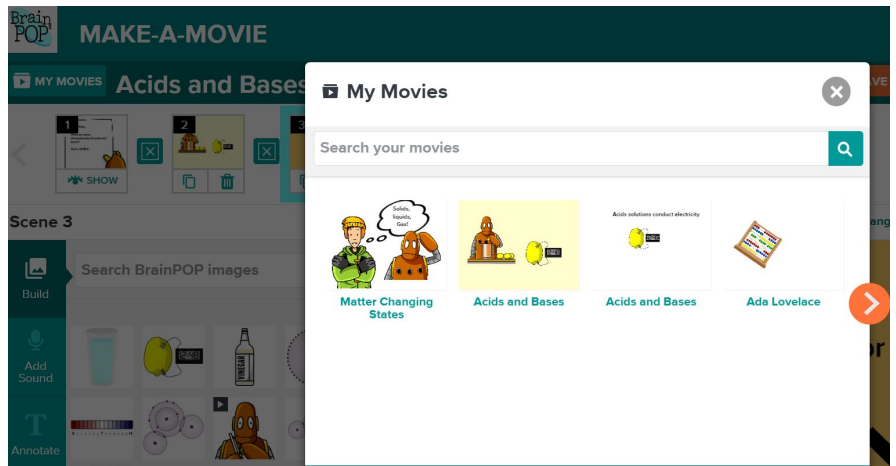

Select a **TRANSITION EFFECT** between each scene.

11) Click **PREVIEW** to watch your movie.

11) Click **MY MOVIES** to load and edit all the movies you've created.

12) Teachers can **ASSIGN** movie projects for students to complete.

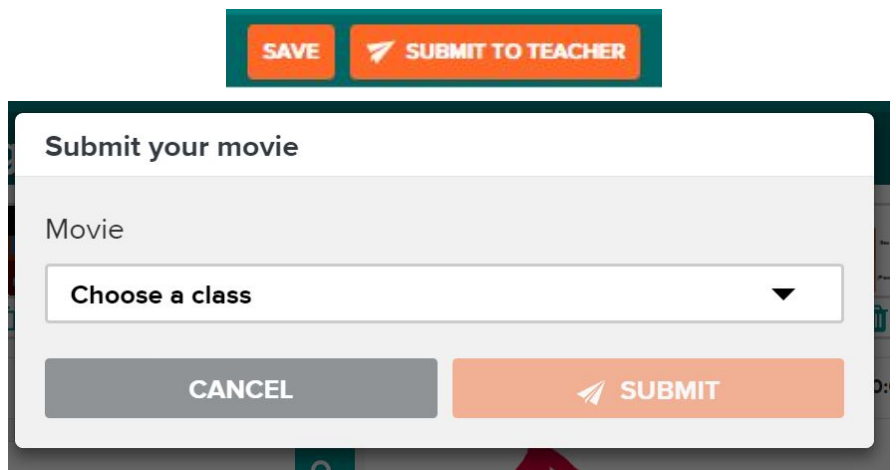

### Assign Make-a-Movie

### Assign Computer Programming Make-a-Movie

Due Date (Optional)

Choose a class

13) Students click **SUBMIT TO TEACHER** to send movies to the teacher for review.

13) Teachers view submitted movies and leave feedback for students.
